Form 10-K for Fiscal Year Ended December 31, 2021

Management's Discussion and Analysis of Financial Condition and Results of Operations  
Results of Operations, page 19

1. We note your prolific use of non-GAAP measures in your discussion of your results of operations with little to no discussion of your GAAP measures of profitability, such as Net Income. We also note that elsewhere in your document you discuss the impact of events on EBITDA, such as the customer product transition in your surface protection business, without disclosing the actual and expected impact on Net Income. In future filings beginning with your next quarterly report, please revise to also include discussions of the most directly comparable GAAP measures with equal or greater prominence. Refer to the Compliance and Disclosure Interpretations for Non-GAAP Financial Measures, including Question 102.10, for guidance.
